BUILDING A BRIGHTER FUTURE
BRAINS ARE BUILT, NOT BORN

90% OF BRAIN DEVELOPMENT OCCURS BY AGE FIVE.
Children face 2,000 days from birth to the start of kindergarten. These critical and vulnerable five years are a small window that will impact the rest of their lives.

EARLY EDUCATION IS A PROVEN PATH OUT OF POVERTY.
One in four Stark County children live in poverty. When you support JRC early education, together we can break the generational cycle of poverty and help Stark County children be better prepared for kindergarten. Together, we can help give children a future full of possibility.

66.5% OF STARK COUNTY CHILDREN ARE NOT GETTING EARLY EDUCATION.
In Stark County, 66.5% of children under age six are not enrolled in any early education program. Those who start behind rarely catch up; however, early education can change that.

The good news? You can reach more Stark County children.
WHAT WE DO:
BOOSTING BRAIN POWER
AND TRANSFORMING TOMORROW

Here’s just a few ways...

Creative Curriculum
- Our Creative Curriculum is taught by degreed teachers to enrich the whole child through discovery and exploration which develops confidence, creativity, and lifelong critical thinking skills.
- The JRC Learning Center on 14th Street NE will continue to serve NE and SE Canton and has educated 2,450 children from all over Stark County in the past 18 years.
- At the new Learning Center, JRC will be educating children six weeks through preschool.

Healthy food and exercise
- We offer exercise and fresh, wholesome meals daily. Last year, 66,204 healthy meals with foods like turkey, fish, asparagus, and avocados were enjoyed by Stark County children (FY2018).

Intergenerational Connections program
- JRC brings children and seniors together. An example is Jackie and Amari, for intentional interaction through planned activities which build relationships.

Kindergarten readiness
- The JRC Learning Center has been awarded a 5-Star Step Up To Quality rating, the highest achievable in the state.
- 5-Star Step Up To Quality means low child-to-staff ratios, higher education qualifications, continued education credit requirements, and a strong commitment to families, the community, and each child’s learning experience.

WHAT WE DO:
GUIDING PARENTS AND GUARDIANS

JRC serves our community by educating parents and guardians on the importance of interacting with their children through reading, talking, playing, and providing healthier foods — all outside the classroom and at home. By offering daytime care, JRC also helps parents and guardians go to work.
CARING FOR SENIORS, CARING FOR CAREGIVERS

By 2026, 23% of Stark County will be age 65 or older.

While we build the minds of children, we also care for the minds of seniors. JRC Adult Day Center rescues seniors from the loneliness, isolation, and poor health that many experience living life on their own.

Adult day service reduces caregiver fatigue.

JRC Adult Day Center reduces caregiver fatigue. By alleviating caregiver burnout and frustration, JRC improves health not only for seniors, but also for their families and our community.

The good news? You can reach more Stark County seniors.
WHAT WE DO: STIMULATING MINDS WHILE INSTILLING PURPOSE

Here's just a few ways...

Promoting health and independence
• JRC provides purposeful living in a safe and engaging environment.
• At JRC, we believe seniors can do anything; they just might need to do it a different way.

Opportunities to make friends
• Seniors engage in social activities like field trips, raised-bed gardening, and arts & crafts.

Healthy food and exercise
• Breakfast, lunch, and snacks are provided at the JRC Bistro.
• Seniors enjoy group exercises such as chair aerobics and video game bowling.

Memory care
• The memory room provides a quiet, calming area with tactile objects at memory stations to stimulate fond memories through the five senses.

WHAT WE DO: COST-EFFECTIVE CARE FOR CAREGIVERS

In addition to allowing caregivers the space for self-care, adult day service alleviates the financial burden so many families experience supporting parents and grandparents, aunts and uncles.

© Jackie and Aaron enjoy the Intergenerational Connections program.
BE PART OF THE PLAN...

We’re raising $6.5M to **double our impact and help children and seniors** at the Meyers Lake location.

**GOALS**

**YOU CAN DOUBLE THE NUMBER OF OUR ENROLLED CHILDREN!**

The JRC Campus at Meyers Lake will establish a second JRC Learning Center to serve NW and SW Canton and surrounding areas.

**YOU CAN DOUBLE THE NUMBER OF SENIORS WE SERVE!**

The JRC Campus at Meyers Lake will expand the current adult day center, **doubling capacity for the number of seniors we serve.**

**WE WILL ALSO PROVIDE:**

- Eight classrooms and a library
- Two playgrounds and a children’s gym
- A central kitchen that will prepare 72,000 nutritious meals for children and seniors annually. (That’s around 300 meals every weekday!)
- A clinical space for medical providers
- More handicap-accessible restrooms
HOW YOU CAN HELP...

FACT

RESEARCH SHOWS

FOR EVERY $1 INVESTED IN EARLY EDUCATION, OUR COMMUNITIES CAN EARN BACK $17*

IT'S A LOT OF MONEY, BUT WE'RE MORE THAN HALFWAY THERE!

$4.1M - $6.5M

*Sources: "$4.17 of this return accrued to the participants, mostly due to increased earnings, while $12.90 accrued to the general public, mostly due to reduced crime (Safford et al. 2008)." Economic impacts of Early Care and Education in California by Jennifer Mollot and Zeadlo, August 2011. http://laborcenter.berkeley.edu/pdfs/2011/early_care_report6811.pdf, accessed Oct. 30, 2018
WE CAN DO THIS TOGETHER

YOU CAN GIVE IN MANY WAYS:

CASH

APPRICATED STOCK OR MUTUAL FUNDS

IRA CHARITABLE ROLOVER UP TO $100,000

CREDIT CARD REGULAR GIVING - YOU KEEP THE POINTS!

REGULAR ELECTRONIC GIVING VIA EFT

The chart below shows how you and others can help with a pledge for one, two, or three years.

You've seen the community support so far, and now we invite you to join the momentum of generosity in helping children and seniors within our community.
