A Special Thank You To

Mike and Kay Flood for purchasing the naming rights to the

JRC Learning

Center Motor Skills Room!

Their investment will enable the children of the JRC Learning Center to work on developing fine and gross motor skills which help them gain strength and confidence in his/her body. It also helps them get exercise and physical activity, which is important for a healthy lifestyle. These skills help a child develop the ability to do more complex skills in future activities.

"Development of the large motor skills is very beneficial for reading readiness. Two of our children had access to a motor skills program prior to kindergarten and we want other children to have that valuable experience."
